IAN STOREY

Front End Developer

503.318.528
wrightstoreys@gmail.com
portfolio: imstorey.com

Intellectually curious and infectiously optimistic web developer motivated by collaborative problem solving and team building. Inquisitive team member who appreciates the possibilities in what is most often overlooked.

Experience

November 2014 - February 2015

General Assembly   **Washington D.C.**
Web Development Immersive Student

Full stack web development program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and front-end design. Developed a portfolio of individually focused and collaboratively focused projects. Projects include:

OurWall: A visual forum for your neighborhood. Neighbors post photos on a digital "wall" that the neighborhood shares. Only users with a password may make or edit posts to the wall. Users discover passwords by asking local business staff for it. Built with Ruby, Sinatra, PostgreSQL. Individual project.

HoneyBuckets: A bathroom finding app where users can discover and review bathrooms in their immediate area. Built with Ruby on Rails, postgreSQL, Twitter and MapBox APIs, gems: Devise and Geocoder. Group project. Role: fullstack developer, front-end lead.

July 2014 - November 2014

Compass Coffee   **Washington D.C.**
Manager

Helped open and launch a small D.C. coffee shop to flourish in an up and coming neighborhood.
Managed and trained all front of the house staff
Cultivated harmony between employees and customers
Emphasized relationships with each other and customers

Volunteer

Just Line   **Portland, OR**
Curator and Organizer

Just Line is a one night art show featuring pen and ink drawings from 6 of the Pacific Northwest's young artists.

Free Geek   **Portland, OR**
Build Program Volunteer
Salvaged working parts from recycled desktop computers to build and refurbish computers for donation.
